

**MESSAGE FROM THE RT REVD MARK VAN KOEVERING, BISHOP OF
NIASSA, MOZAMBIQUE**

Greetings to our brothers and sisters in our link diocese of London.

We are starting several major initiatives in the Diocese of Niassa and we need help - professional, managerial help. I had the idea that perhaps one or two early retired people might enjoy the opportunity to really make a difference and help set up these new projects.

The first is our forestry company. It is a potential investment of \$30 million and is now underway, but we need a senior manager to organise the business and admin side of things - we have a forester to do the technical side. We would have housing and a vehicle available.

The second position is in community development. Our programs are growing fast and although we have a vibrant team of young people they lack the managerial experience necessary to coordinate things - I am just too busy and I think it is not the Bishop's primary task.

If anyone is interested in either of these opportunities for mission please contact Bishop Mark direct - diocese.niassa@teledata.mz or Malcolm Colmer – archdeacon.middlesex@london.anglican.org.
