Before and after the works of 1901
Henry H. Tasker, Architect & Surveyor, 43 Penton Street
Drawings from the Faculty bundle, LMA, P83/TRI/093
Report by Mr. H. H. Tasker, F.S.I., Architect,
FOR
The Restoration of Holy Trinity Church,
CLOUDESLEY SQUARE, ISLINGTON, N.

It is about 53 years since any material improvements were undertaken. At that time the church was re-roofed, new pews were fitted, new windows inserted, and new organ cases were built. Since then the interior has been little altered, and the church has been left in a condition which may be described as one of neglect.

Mr. Tasker, who has recently restored the Churches of St. Mark's, Myddleton Square, and All Saints, Islington, N., states that the ceilings and walls have been greatly damaged owing to the neglect of the roof, and in a short time the roof will become unsafe. The rain will destroy the plastering and stucco, and the wind will carry away the mortar and dust. The stucco is in a dangerous condition, and the roof is in a state of disrepair.

The following is a detailed estimate of the Architect's report:

I.—EXTERIOR WORKS.
1. The roof needs to be thoroughly overhauled. It is decayed and dangerous, and the brickwork and stonework need to be cleared, repointed, etc.; the windows need to be repaired, and the iron work needs to be renewed.

II.—INTERIOR WORKS.
1. It is proposed to remove all the existing ironwork and to replace it with new work. The ironwork is decayed and dangerous, and the new work will be more durable.

2. The stucco is in a dangerous condition, and it is proposed to remove it and to replace it with new stucco.

3. The lighting of the church will be improved by the installation of electric lights. The best quality of electric light will be used, and the installation will be carried out by the best contractors.

4. The organ case will be repaired and restored. It is in a dangerous condition, and it is proposed to remove it and to replace it with new work.

5. The heating of the church will be improved by the installation of gas heating. The best quality of gas heating will be used, and the installation will be carried out by the best contractors.

The total cost of the works involved is £6,000. The work will be carried out in stages, and the church will be open to the public during the course of the work.

LMA, P83/TRI/155

Restoration of Holy Trinity by Mr H. H. Tasker, c.1901

Twas a dark & stormy night, no & don't mean during the moon was shining beautifully on the Old graveyard.

Honour
C. Meary

Bright clear night.
Holy Trinity Church,
CLOUDESLEY SQUARE, N.1

"DOING OUR BIT!"
A FEW "LITTLE BITS" ILLUSTRATED.

"OUR LADS!" DAY.

Over 2,000 men have gone from this Parish to fight for
King and Country, mostly volunteers.

Our Roll of Honour is our tribute to their splendid work
and self-sacrifice.

Ten thousand people joined in the prayers and cheers for
them on "Our Lads!" Day.

"Take Cover."
Women and Children first.

God and His Righteousness first.
Other things are added.

Many months ago the Crypt was thrown open to provide
shelter in case of Air Raids. Recently 1,700 people have
taken shelter and have allayed their anxiety in the safety of
the Church.

Our men play the game. "Women and children first."
We are taking steps to provide "cover" for 2,000 or
more.

MAKING THE WAY EASY FOR THE AGED AND INFIRM.

Here, ever since the first day of War, we have daily
prayed for our Lads—for the Empire, and our Homeland.

Here some of the fighting men delight to come when
"leave " brings them home.

Here for twelve months, Sunday by Sunday, came our
stalwart Artillerymen to learn of God's Righteousness and
the first things.

Here we have gathered, in time of trouble and of joy.
Here we have knelt to receive Grace, and to pray for
strength equal to our needs.
