

NHS Hospitals Independent Hospitals and Hospices in London Diocese

March 2019

This leaflet lists all the NHS hospitals, Independent hospitals and hospices in London Diocese. Its purpose is to provide clergy and licensed ministers with chaplaincy contact details (telephone number and email address) for referring a parishioner admitted to hospital.

As healthcare chaplaincy is a fast-moving ministry with hospitals merging or closing, and chaplains relocating, resigning or retiring, please be aware that the details below may change.

When referring a parishioner, it is preferable to phone the chaplaincy department and to follow this up with an email if possible. An email alone, sent to a chaplain's inbox, might not be picked up if, for example, the chaplain is on leave.

In line with General Data Protection Regulation (GDPR), it is important to obtain the consent of the parishioner, although the absence of consent would be acceptable if circumstances dictated that it was not reasonable to obtain it. Vital interests would be the legal basis for sharing data with a healthcare chaplain in the case of someone dying, although a conversation with the next of kin or a close relative would be advisable.

Given that best practice is collaborative ministry, healthcare chaplains will welcome your continued pastoral and sacramental input to a parishioner while they are in a hospital or hospice. At the same time, it is important to clarify this in making a referral.

Tony Kyriakides
The Bishop of London's Adviser for Healthcare Chaplaincy
