

My name is Jen, and I have been attending Holy Trinity Brompton (HTB) for around three years. I am standing as a candidate in the General Synod election because I would love the opportunity to serve the mission and future of the Church of England, bringing a fresh, cross-cultural, and constructive voice.

I was born and raised in Hong Kong, moved to Leeds for university, worked in Sheffield for several years, and moved to London a few years ago.

Over the past year, I have served as a lay representative on Chelsea Deanery Synod (CDC) and as an ex-officio member of the HTB Advisory Church Council (ACC). Within HTB, I serve as a volunteer on the 5pm Service staff team and lead the Young Adults group. I also serve in the Prayer Department and in the Worship Team as a keys player.

I work as a doctor in the NHS and have held leadership roles since university, representing students and trainees. I am particularly passionate about medical mission. I currently serve as Secretary on the UK board of an international Christian non-profit organisation (Life in Abundance International). I also serve on the London Catalyst Team of Christian Medical Fellowship, an interdenominational organisation that connects and equips Christian medical professionals.

If elected, I hope to bring:

- **A cross-cultural perspective:** shaped by growing up in HK and living in different parts of the UK
- **A voice for younger generations:** listening to their perspectives and helping the Church engage with their hopes and challenges
- **Professional insight:** bringing my experience as a doctor and in leadership to social, legislative and policy discussions
- **Good governance and stewardship:** using my leadership and management experience in non-profit organisations, to help the Church steward its resources and finances effectively
