RESOURCING THE CHURCH FOR THE FUTURE
Church Grants has been developed by Matthew Lagden and Andrew Clark, both professional fundraisers and both committed Christians.

From working with churches and Christian organisations for over 25 years collectively we have accumulated lists of great funders that support both capital and revenue projects. Our lists grew and grew, and we quickly realised that this information would be of value to the wider church and Christian sector. So, we decided we wanted to create a very simple, easy to use and online resource specifically designed to help local churches and Christian charities raise more money.

There is no one else providing a search engine like this and no resource that completes a comprehensive search of local funding opportunities. Since our launch in Aug 2018, we have helped hundreds of churches find the best and most relevant funding sources leading to better fundraising outcomes, sustaining our beautiful churches for generations to come.
WHAT DO WE WANT TO ACHIEVE?

- Churches become sustainable for the long term
- Churches become more self-supporting in their fundraising efforts
- Release resources within individual dioceses
- Create savings across the sector

CHURCH GRANTS EXISTS TO HELP:
It’s taken years but we have gone through the whole Charity Commission, local funding sources and our own list of great funders to create for you the best and most relevant resource for church fundraising.

We have checked, filtered, verified and kept up to date over 350 Trust & Foundation sources which we believe are the most relevant to the church sector.

We currently catalogue our results by Church of England Diocese boundary areas but also have an easy postcode search option.

Some areas may have more funders than others.
WHAT HAVE WE INCLUDED?

There are **over** 8,000 grant-making Trusts in the UK supporting a range of causes. We have only included the ones we believe are the most relevant to the church and Christian sector.

Churchgrants is an excellent and much needed resource.

It’s a great starting point for parishes who need to raisemoney for mission or their buildings.

I recommend it to all our parishes when they are planning a fundraising project.
